LOG CABIN SUCCESS.

What ails the young men?
Robert Garrett's father left him a fortune of twenty millions. He was from childhood reared in luxury; he received a splendid education with an especial training into a thorough knowledge of railroad management and was expected to succeed his father as a railroad king.
Within three years after the responsibilities which his father's death threw upon him were assumed, he is reported a broken down man, with mind and health permanently shattered.
George Law is another young man left with millions of money, who is reported among the "wrecks." His father, bred a stone mason, was of gigantic size and strength, with commensurate brain power, so he became a great contractor, then a railroad king and left half a dozen millions for his son to dissipate. The young man was a success as a dissipator.
The founders of both of these great estates were born in the most humble walks of life, grew strong, mentally and physically, by simple living and honest labor and developed into financial giants. Their sons were reared in the lap of luxury and developed into intellectual pigmies.
The great men of our country have not, as a rule, come from the elegant mansions of the cities, but from the Log Cabins of the rural districts. Simple ways of living, freedom from dissipation and enervating pleasures, simple remedies for disease, effective and which leave no poison in the system, develop brawny, brainy men, who compel the world to recognize their strength and power.
The wholesome, old-fashioned Log Cabin remedies are the safest and most for family use. Our grandmothers knew how to prepare the teas and syrups of roots, herbs and barks which drive disease out of the system by natural methods and leave no after ill effects. The most potent of these old-time remedies were, after long and searching investigation, secured by H. H. Warner of safe cure fame, and are now put out for the "healing of the nations" in the Warner's Log Cabin remedies.
Regulate the regulator with Warner's Log Cabin sarsaparilla and with pure blood giving health, strength, mental and bodily vigor, you may hope to cope successfully with the most gigantic financial problems of the age, without wrecking health and manhood.

"The Merry Maiden and the Tar."

She was merriest before she "struck" the tar. Her spirits sank as she beheld her new white gown blackened by the tar. This tar helped a wagon run instead of helping run a ship. Just so a thousand trivial accidents and neglected "small things" take the merriest out of the lives of young girls and maidens. Particularly is this the case with diseases peculiar to their sex which take so much enjoyment and happiness from life. However a remedy is found in Dr. Pierce's "Favorite Prescription for Female Weaknesses" or irregularities, nervousness, neuralgia, and uterine troubles. Ask your druggist. Dr. Pierce's Pellets, or Anti-bilious Granules, have no equals. 25 cents a vial; one a dose. Cure headache, constipation and indigestion.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours.

N. P. Yardmen Strike.

BRainerd, Minn., Oct. 13.—All the Northern Pacific yardmen struck this morning for an advance of wages. All trains blocked. This is the first trouble the company ever had.

Florida's Orange Crop.

NEW YORK, Oct. 13.—The first carload of Florida oranges of this season is on the way to this city. The crop is reported the largest ever grown. It is estimated from 3,000,000 to 4,000,000 boxes.

Fighting Doctors.

BERLIN, Oct. 13.—It is stated that Drs. Benjamin and Gerhardt will sue Dr. Mackenzie for libel on account of the statements made in his book regarding the treatment of the late Emperor Frederick.

Up in a Balloon.

PORTLAND, Oct. 13.—This afternoon Prof. Van Tassel and his balloon ascended 12,800 above the surface of mother earth. A tempestuous ride was enjoyed through the clouds, and a successful landing made.

BY OUR CLYMER CLIMBER.

Chas. Patton is in Portland, attending the Mechanics' fair.

W. H. Humphreys, Jr., is attending the Portland Business college.

Miss Mary Van Wagner, of Salem, is teaching a very successful term of school here.

Tom Jones and Miss Mary Jones have gone to Portland, to visit friends and the Mechanics' fair.

Miss Mattie Griffith, of Clymer, is teaching the fall term of school in the Silver Creek Falls district.

J. W. Hunter, of Seattle, W. T., is in this vicinity, buying a car load of beef cattle and calves, to be shipped for the Seattle market.

Wm. Short, of Macleay, is doing a good business in this neighborhood, with his engine, chopping grain and sawing wood, for the farmers.

Miss Mary Watkins accompanied Mrs. Kate Adams to her home at Goldendale, W. T., last week, where she will spend the winter visiting relatives and friends.

Next Saturday is the day appointed for loyal republicans of the Waldo Hills club to meet at the Clymer school house and arouse enthusiasm for Harrison and Morton.

Mrs. Mary Clymer, our postmaster, expects to go to Portland next Saturday to visit her sons, Eugene and Henry, who are there attending the Medical College.

Next season a fine, large hop house will be built on the farm of H. J. Smith, with sufficient drying capacity to save all the hops grown on the farms of both Messrs. Smith and Fischer.

Joseph Fischer had to leave a portion of his hops unpicked this season, his hop house being too small to admit drying fast enough to save the hops before many of them were too ripe.

"Uncle Bessie" Stanton, an old pioneer of the Waldo Hills, is very sick. His relatives and friends are daily watching for the summons from the other shore, when his spirit will take flight to its eternal home.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.—Will drive malaria from the system and prevent as well as cure all malarial fevers.—For cure of headache, constipation and indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and \$1 per bottle at H. W. Cox's drug store.

The citizens of Toledo are almost unanimously opposed to the opening of a saloon in their village.

OCCIDENTAL JOTTINGS.

News And Notes of a General Interest to the Westerner.

Work upon the government jetty at Newport is being pushed very rapidly.

Albany has a Chinese wife beater, who should be given an effectual remedy.

George Humphrey, of Albany, has been appointed deputy U. S. marshal for Linn county.

Baker county is infested with coyotes and poultry farmers have to keep their fowls fenced in.

Soon the rise of the river to a boating stage may be expected. The navigation season is about to open.

The Willamette Presbytery of Cumberland Presbyterian church will meet in Brownsville on Thursday, Oct. 18th.

The present price of wheat throughout the Willamette Valley averages about 75 cents per bushel. Should rain continue so that river navigation can be resumed the price will probably advance.

About 100 white and Chinese laborers were taken to the front to work on the Oregon Pacific railroad Saturday. There were 100 white laborers to work for Meyers & Co. and sixty Chinese to work on the contract of Searle & Deane.

The steamer Premier, which sailed recently for China and Japan, carried a large shipment of hops from E. Meeker & Co., to Tokio, Japan, for the Oriental & Occidental Trading Company. Last year a sample lot was shipped by Mr. Meeker to Tokio, and the hops proved so satisfactory that an order was placed early this season.

The time is fast approaching when thousands of home-seekers will take possession of this country, and all the hill sides that are now of no use to any one, and bring no prosperity to the county will be covered with vineyards and fine peach, pear, plum and prune orchards. People now have their attention directed to this section of Oregon, and every week adds to the steady increase of our population.

Aside from the Yaquina Bay, the Oregon Development Company has purchased another steamer, which will also be placed on the San Francisco route soon. The appropriation by congress for the improvement of the Yaquina harbor is \$150,000, \$10,000 of which has already been received, and the government work is now being prosecuted. The gap torn in the unfinished work on the jetty on south beach by the tides of last winter has been re-built, and it is now proposed to construct a new jetty on the north beach. This jetty is expected to greatly increase the benefits of the work already done, as it will confine the water of the channel and still further deepen it, and carry away the sand spit inside the bay. It will begin near the bluff around the point from Newport and extend toward the sea.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with abscess of Lungs, and friends and physicians pronounced me an Incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at H. W. Cox's Drug Store.

Dissolve a bushel of salt in a barrel of water, and with the salt water slack a barrel of lime, which should be wet enough to form a kind of paste. For the purpose of a disinfectant this home-made chloride is nearly as good as that purchased at the shops and drug stores. Use it freely about sinks, cellars, gutters and outhouses, and in this way prevent sickness, suffering and expense.
